INDIRECT TAXATION Test Code – 61 Branch (MULTIPLE) (Date : 03.09.2017) (50 Marks)

Note: All questions are compulsory.

Answer 1(6 Marks)

Status Holders are business leaders who have excelled in international trade and have successfully contributed to country's foreign trade. All exporters of goods, services and technology having an importexport code (IEC) number shall be eligible for recognition as a status holder. Status recognition depends upon export performance. (1 Mark)

In order to be categorized as One Star Export House, an exporter needs to achieve the export performance of 3 million US \$ million [FOB/ FOR (as converted)] during current and previous three financial years. Thus, export performance of Blue Heaven Pvt. Ltd. and Clean Planet Pvt. Ltd. would have been at least 3 million US \$ million [FOB/ FOR (as converted)] during current and previous three financial years. **(2 Marks)**

Further, Two Star Export Houses and above are permitted to establish export warehouses. Therefore, Blue Heaven Pvt. Ltd. and Clean Planet Pvt. Ltd. can establish export warehouses in India only if they achieve the status of Two Star Export House and above. In order to achieve said status, export performance of the exporters during current and previous three financial years should be as indicated below: **(2 Marks)**

Status Category	Export Performance [FOB/FOR (as converted) value in US \$ million]	
Two Star Export House	25	
Three Star Export House	100	
Four Star Export House	500	
Five Star Export House	2,000

As per rule 3 of the Baggage Rules, 2016, an Indian resident arriving from any country other than Nepal, Bhutan or Myanmar, shall be allowed clearance free of duty articles in his bona fide baggage, that is to say, used personal effects and travel souvenirs; and articles [other than certain specified articles], upto the value of Rs 50,000 if these are carried on the person or in the accompanied baggage of the passenger.

Thus, there is no customs duty on used personal effects and travel souvenirs and general duty free baggage allowance is Rs 50,000 per passenger. Thus, duty liability of Mr. Sujoy and his wife is nil for the used personal effects worth Rs 80,000 and 2 music systems each worth Rs 50,000.

(3 Marks)

As per rule 5 of the Baggage Rules, 2016, the jewellery allowance is as follows:

Jewellery Bought by	Duty free allowance
Gentleman Passenger	Jewellery upto a weight of 20 grams with a value cap of Rs 50,000
Lady Passenger	Jewellery upto a weight of 40 grams with a value cap of Rs 1,00,000

However, the jewellery allowance is applicable only to a passenger residing abroad for more than 1 year.

Consequently, there is no duty liability on the jewellery brought by Mr. Sujoy as he had stayed abroad for period exceeding 1 year and weight of the jewellery brought by him is 20 grams with a value less than Rs 50,000.

However, his wife is not eligible for this additional jewellery allowance as she had stayed abroad for a period of less than a year. Thus, she has to pay customs duty on the entire amount of jewellery brought by her as she has already exhausted the general duty free baggage allowance of Rs 50,000 allowed under rule 3.

Section 28BA of the Customs Act, 1962 provides that provisional attachment of property can be resorted to by the Proper Officer during the pendency of the following proceedings:

- Under section 28, in respect of cases not involving suppression, collusion, wilful misstatement, etc. as well as in cases involving suppression, collusion, wilful misstatement, etc.
- (ii) Under section 28AAA, in relation to fraudulent utilization of duty relatable to instruments issued under Foreign Trade (Development and Regulation) Act. 1992.
- (iii) Under section 28B, in relation to duties collected from buyers but not deposited with the Central Government.

Such an attachment shall be done only when the Proper Officer is of the opinion that the attachment is necessary for the purpose of protecting the interests of revenue. However, a previous approval of the Principal Commissioner/Commissioner of Customs, by order in writing, is a prerequisite for such provisional attachment.

Such an attachment can be done for a period of 6 months. This period will commence from the date of the order of the Principal Commissioner/Commissioner of Customs permitting such provisional attachment.

However, this period may be extended by the Principal Chief Commissioner/Chief Commissioner of Customs by such further period or periods as he thinks fit. The reasons for such an extension shall be recorded in writing. It is to be noted that the total period of extension in any case shall not exceed 2 years.

If an application for settlement of a case under section 127B is made to the Settlement Commission, the period commencing from the date on which such an application is made and ending with the date on which an order under section 127C(1) is made shall be excluded from the extended period mentioned above.

Conclusion: Since as per section 28BA, provisional attachment of the property can be resorted to during the pendency of the proceeding under section 28, which includes cases involving non-fraud reasons too, claim of Mr. X is not right.

Value of eligible clearances during preceding financial year	<u>400</u>	

Computation of value of clearances during preceding financial year for determining the eligibility for SSI exemption in the current year

Note: In order to claim the benefit of SSI exemption under *Notification No. 8/2003 C.E. dated 01.03.2003* in a financial year, the total turnover of a unit should not exceed `400 lakh in the preceding year

In terms of *Notification No. 8/2003 CE dated 01.03.2003,* while computing such value of clearances during preceding financial year (`400 lakh)-

(i) export turnover is excluded. However, export to Bhutan cannot be excluded as these are treated as "clearances for home consumption". With effect from 01.03.2016, clearances made to Nepal are treated like normal exports and are thus, not considered for the purpose of computing limit of `400 lakh.

- (ii) job work under *Notification No. 84/94 CE dated 11.04.1994* and *Notification No. 83/94 CE dated 11.04.1994* is not taken into consideration.
- (iii) clearances of excisable goods without payment of duty to a unit in Electronic Hardware Technology Park are excluded.
- (iv) clearances of excisable goods bearing brand name of National Small Industries Corporation are included.

Conclusion: Since the value of clearances in the previous financial year does not exceed ` 400 lakh, Aim & Company is eligible to claim the benefit of *Notification No. 8/2003 CE dated 01.03.2003* in the current financial year.

Question 5 (6 Marks)

Computation of central excise duty payable by UVW Ltd. (1 mark for every transaction)

Particulars	()	()
Retail sale price of 400 packages containing 60 packs each packed for safety in transportation (60 x ` 120 x 400) <i>Less:</i> Abatement @ 30% Assessable value (A) [Note 1]	28,80,000 <u>8,64,000</u>	20,16,000

Retail sale price of 500 packs manufactured on job work		
basis (500 × ` 120)		
Less: Abatement @ 30%		42000
Assessable value (D) [Note 4]	60000	
Retail Sale Price of 400 multi-packs (400 × ` 170) [Note 5]		
Less: Abatement @ 30%	<u>18,000</u>	
Assessable value (E) [Note 5]		47600
Total assessable value (A) + (B) + (C) + (D) +(E)	68000	22,78,640
Excise duty @ 12.5% of ` 22,78,640 (1 Mark)	20400	284830

Notes:

1. Outer packaging for protection/safety during transportation is not wholesale package. Such packaging does not require details like name/address, cost, month year etc. [State of Maharashtra v. Raj Marketing (2011) 272 ELT 8 (SC)].

Therefore, valuation of such package will be done on the basis of section 4A i.e., RSP less abatement.

- Provisions of section 4A of Central Excise Act, 1944 override the provisions of section 4 of the said Act. Therefore, assessable value will be retail sale price declared on the package less abatement irrespective of the quantity discounts offered to the buyer [Indica Laboratories v. CCE (2007) 213 ELT 20 (CESTAT 3 Member Bench)].
- 3. Free samples of the products covered under MRP based assessment are valued under rule 4 of the Central Excise Valuation (Determination of Price of Excisable Goods) Rules, 2000 by taking into consideration the deemed value under section 4A [Circular No. 915/05/2010 CX dated 19.02.2010].
- 4. Provisions of section 4A override the provisions of section 4. Therefore, in case of goods cleared on job-work basis, assessable value will be retail sale price declared on the package less abatement and not the value as determined under rule 10A of Central Excise Valuation (Determination of Price of Excisable Goods) Rules, 2000 viz., the price at which the principal

manufacturer sells the goods.

- 5. Retail sale price (RSP) of the multi-pack (`170) is considered and product supplied free (small soap) in the multi-pack is not assessed separately. Further, since scored out RSP cannot be considered as RSP either by seller or by buyer, the same (`120) is not taken as the RSP for the purpose of valuation of excisable goods.
- 6. Since the turnover of UVW Ltd.in the previous financial year is `470 lakh, it will not be entitled for SSI exemption available under *Notification No. 8/2003 CE dated 01.03.2003* in the current year.

Question 6 (5 Marks)

Computation of assessable value of machine imported by Robust & Co. Ltd.

Particulars	Amount (£)
Price of the machine	5,000
Add: Engineering and design charges paid in UK [Note 1]	250
Licence fee relating to imported goods payable by the buyer as a	
condition of sale (20% of price of machine) [Note 1]	<u>1,000</u>
Total (1 Mark)	<u>6,250</u>
	Amount (`)
Value in Indian currency [£ 6,250 x ` 100] [Note 2] (1 Mark)	6,25,000
Add: Materials and components supplied by Robust & Co. Ltd free of	10,000
cost [Note 1] (1 Mark)	
FOB	6,35,000
Add: Freight [Note 3] (1 Mark)	1,00,000
Insurance paid to insurer in India	3000
CIF Value	738000
Add: Landing Charges @ 1 % (Note 4) (1 Mark)	7380
Assessable value (rounded off)	745380

Notes:

1. Engineering and design charges paid in UK, licence fee relating to imported goods payable by the buyer as a condition of sale, materials and components supplied by the buyer free of cost and

actual insurance charges paid are all includible in the assessable value [Rule 10 of the Customs (Determination of Value of Imported Goods) Rules, 2007].

- 2. As per Explanation to section 14(1) of the Customs Act, 1962, assessable value should be calculated with reference to the rate of exchange notified by the CBEC.
- 3. If the goods are imported by air, the freight cannot exceed 20% of FOB price [Second proviso to rule 10(2) of the Customs (Determination of Value of Imported Goods) Rules, 2007]. Since in this case, the freight paid does not exceed 20% of FOB, so actual freight paid will be includible in the assessable value.
- 4. Landing charges @ 1% of the CIF value are includible in the assessable value, whether actually incurred or not [Clause (ii) of first proviso to rule 10(2) of the Customs (Determination of Value of Imported Goods) Rules, 2007].
- 5. Buying commission is not included in the assessable value [Rule 10(1)(a) of the Customs (Determination of Value of Imported Goods) Rules, 2007].
- 6. Only ship demurrage charges on chartered vessels are included in the cost of transport of the imported goods. Thus, demurrage charges for delay in clearing the machine from the Airport will not be includible in the assessable value [Explanation to Rule 10(2) of the Customs (Determination of Value of Imported Goods) Rules, 2007].

Question 7 (6 Marks)

Section 28BA of the Customs Act, 1962 provides that provisional attachment of property can be resorted to by the Proper Officer during the pendency of the following proceedings:

- (i) Under section 28, in respect of cases not involving suppression, collusion, wilful misstatement, etc. as well as in cases involving suppression, collusion, wilful misstatement, etc.
- (ii) Under section 28AAA, in relation to fraudulent utilization of duty relatable to instruments issued under Foreign Trade (Development and Regulation) Act. 1992.
- (iii) Under section 28B, in relation to duties collected from buyers but not deposited with the Central Government.

(1 Marks)

Such an attachment shall be done only when the Proper Officer is of the opinion that the attachment is necessary for the purpose of protecting the interests of revenue. However, a previous approval of the Principal Commissioner/Commissioner of Customs, by order in writing, is a prerequisite for such provisional attachment. (1 Mark)

Such an attachment can be done for a period of 6 months. This period will commence from the date of the order of the Principal Commissioner/Commissioner of Customs permitting such provisional attachment. (1 Mark)

However, this period may be extended by the Principal Chief Commissioner/Chief Commissioner of Customs by such further period or periods as he thinks fit. The reasons for such an extension shall be recorded in writing. It is to be noted that the total period of extension in any case shall not exceed 2 years. (1 Mark)

If an application for settlement of a case under section 127B is made to the Settlement Commission, the period commencing from the date on which such an application is made and ending with the date on which an order under section 127C(1) is made shall be excluded from the extended period mentioned above. (1 Mark)

Conclusion: Since as per section 28BA, provisional attachment of the property can be resorted to during the pendency of the proceeding under section 28, which includes cases involving non-fraud reasons too, claim of Mr. X is not right. (1 Mark)

Rule 8 of the Central Excise Valuation (Determination of Price of Excisable Goods) Rules, 2000, has been amended vide *Notification No. 14/2013 CE (NT) dated 22.11.2013* to provide that where whole or part of the excisable goods are not sold by the assessee but are used for captive consumption, the value of goods meant for captive consumption shall be 110% of the cost of production or manufacture of such goods.

Cost of production is to be determined as per 'Cost Accounting Standard (CAS)-4: Cost of Production for Captive Consumption' issued by ICWAI [*CBEC Circular No. 692/8/2003 dated 13.02.2003*].

Since in the present case, only a part of the excisable goods are used for captive consumption (80% of 1,000 units i.e., 800 units), assessable value of such 800 captively consumed units will be determined in accordance with rule 8 of Valuation Rules. The assessable value of remaining 200 units sold to unrelated buyers will be determined under section 4 of Central Excise Act, 1944 i.e., transaction value.

S.	Particulars	`

	110%](1/2 Mark)	

Computation of cost of production as per CAS-4 and value of product 'X'

Notes:

- 1. Since CENVAT credit is available on central excise duty paid on direct materials, it has been deducted from the cost of direct materials in accordance with the Cost Accounting Standard-4 [CAS-4].
- 2. Administrative overheads in relation to activities other than manufacturing activities like project management activities have not been included in cost of production [CAS-4].
- 3. Interest and financial charge being a financial charge has not been considered to be a part of cost of production [CAS-4].
- 4. Abnormal cost like break down of machinery does not form part of cost of production [CAS-4].

5. Selling and distribution cost have not been considered while computing the cost of production as they are not in relation to production activity [CAS-4].

Value of 800 units of product 'X' consumed captively for the purpose of excise duty is `59,092. Value of 200 units of product 'X' sold to unrelated buyers for the purpose of excise duty is `15,000 (200 units

x `75) [Section 4 of Central Excise Act, 1944].

Question 9 (5 Marks)

The facts of the given case are similar to the case of *Medley Pharmaceuticals Ltd. v. CCE & C., Daman 2011 (263) E.L.T. 641 (S.C.)*. In the instant case, the Supreme Court observed that merely because a product was statutorily prohibited from being sold would not mean that the product was not marketable. Sale is not a necessary condition for charging duty as excise duty is payable in case of free supply also. The Supreme Court observed that since physician samples were capable of being sold in open market, the same were marketable and thus, liable to excise duty.

Moreover, since the Drugs and Cosmetics Act, 1940 (Drugs Act) and the Central Excise Act, 1944 operated in two different fields, the restrictions imposed under Drugs Act could not lead to non-levy of excise duty under the Central Excise Act.

Therefore, in view of the above-mentioned ruling of the Supreme Court, the contention of the assessee is not valid in law.
